

Jonathan Goldman's Healing Sounds Presents:

THE DIVINE NAME

Frequency Shifting for Tumultuous Times

September 3-6, 2010

**A week-end of Vibrational Activation
with
Jonathan and Andi Goldman**

Learn how sound can:

Energize and balance our brain

Increase our immune system

Tune our nervous system

Resonate our DNA and cellular structure

Enhance relaxation

Reduce stress and heighten our consciousness

During his 30 years in the field of sound healing, Internationally Acclaimed Teacher, Author, Chant Master and Healing Sounds pioneer Jonathan Goldman made an incredible discovery. The Divine Name, a universal sound, that, when intoned, can bring harmony and healing to ourselves and to the planet. This sacred name, encoded within our DNA, is the personal name of God, once found in the religious texts that link over half the world's population. Prohibited and then lost for nearly 2,500 years, The Divine Name is available once again. It is a sound that when vocalized has the ability to resonate both the physical body and subtle energy fields of anyone who intones it—irrespective of religion, tradition, or belief. It has the power to issue in a new era of human consciousness, uniting us in healing, peace, and oneness.

This week-end is a step by step process of vibrational initiation which includes:

- **Multi media presentation** exploring the scientific and spiritual basis of using sound for healing and transformation
- **Name as Mantra** - learning to project sacred sound with intention onto one's name.
- **Toning the Chakras** - learning to resonate the physical body and the associated chakras with the Sacred Vowel Sounds.
- **The Fundamentals of Vocal Harmonics** - learning to create and two or more notes simultaneously and experience the resultant transformative effects.
- **Sounding of the Divine Name** — the culmination of this workshop—learning to intone and experience the power of this universal sound for healing, prayer, meditation and transformation.

Through use of chakra toning, and vocal harmonics, the sonic energies of the **Divine Name** are transmitted. This extraordinary sound creates frequency shifts that align imbalances, invoke divine energy and initiates transdimensional communication.
